DALLAS, October 24, 2023 | Latticework Capital Management, a Dallas-based private equity firm focused on partnering with entrepreneurially-minded management teams to build leading healthcare companies, today announced a strategic investment in Institutes of Health, LLC (“IOH”), a leading multi-disciplinary workers’ compensation treatment provider focused on patients suffering from complex and chronic conditions. Headquartered in San Diego, California, IOH provides high quality, efficient and patient-centered care resulting in optimal clinical outcomes for patients while driving substantial cost savings within the healthcare system.

“Latticework is highly impressed with the deep commitment the senior leadership team and the entire Institutes of Health staff have in their mission of enriching patient lives through thoughtful treatment and outstanding clinical results,” said Steve Neumann, Latticework Managing Partner. “IOH’s strong reputation as a leader in providing world-class care, delivered with expertise and compassion to patients, serves as a strong foundation for future growth.”

“We are excited about our partnership with Latticework Capital as part of our next phase of growth,” said Dr. Tomer Anbar, Co-Founder and Clinical Director of IOH. “Latticework’s multi-site healthcare industry experience will enable IOH to serve more patients through our evidence-based multi-disciplinary treatment approach.”

“IOH is delivering proven treatment solutions to workers’ compensation patients suffering from complex and chronic conditions,” said Ben McCown, Latticework Principal. “We are thrilled to be partnering with the entire IOH team as the Company expands these services across its current geographic footprint and beyond.”

About IOH

Institutes of Health is a leading medical provider of advanced treatment programs that deliver proven solutions for patients in the workers’ compensation system. IOH

leverages an advanced transdisciplinary Biopsychosocial ("BPS") in-clinic model and proprietary biometric telehealth platform to holistically treat injuries such as chronic pain, brain injuries, post-traumatic stress disorder, depression and polytraumas. The Company currently operates three facilities in southern and central California. IOH's core belief of "improving the health and well-being of patients, families and our workers' compensation community through innovation and pursuit of excellence" has been, and will always be, the cornerstone of IOH's success.
